

CABINET (TRAFFIC AND PARKING) COMMITTEE

22 February 2010

TRAFFIC REGULATION ORDER PROGRAMME 2010/11

REPORT OF THE HEAD OF ACCESS AND INFRASTRUCTURE

Contact Officer: Neville Crisp Tel No: 01962 848484

RECENT REFERENCES:

None.

EXECUTIVE SUMMARY:

Traffic Regulation Order (TRO) work forms only a part of the work covered by the Traffic and Transport section of Access and Infrastructure Division. Due to staffing and financial resource constraints it is not possible to action all the requests received for amending existing or implementing new TROs. All such requests are recorded and prioritised against set criteria including road safety, community and the level of support together with the level of available resources.

There is pressure on Officers to action all requests, however the funding provided by Hampshire County Council under the agency agreement to do traffic management work is only sufficient to action around 20 TROs each year, provided some of these are externally funded. The Council typically receives in excess of double this number of requests each year and thus there is a need to prioritise the requests to ensure the most needed are dealt with. The remaining requests are kept on the list for future review or for implementation if additional funding becomes available.

All outstanding TRO requests currently with the Council have been reviewed and a draft programme for 2010/2011 has been produced. The Cabinet (Traffic and Parking) Committee is being asked to formally approve the TRO programme for 2010/11 so that resources can be committed accordingly. See Appendix A.

RECOMMENDATIONS:

That the Traffic Regulation Order programme for 2010/11 be approved as detailed in Appendix A to this report.

OTHER CONSIDERATIONS:

SUSTAINABLE COMMUNITY STRATEGY AND CORPORATE BUSINESS PLAN
(RELEVANCE TO):

The proposal is in keeping with the Corporate Strategy in its attempt to provide a high quality environment & safe and strong communities.

RESOURCE IMPLICATIONS:

The cost of implementing the traffic regulation orders and associated signs and lining work will be covered by the Traffic Management agreement with Hampshire County Council or through developer contributions.

RISK MANAGEMENT ISSUES:

All schemes included within the draft programme and other requests received have been assessed against set criteria which include road safety, the concerns of the police, Ward Councillors and the Community.
