

- 1.22 The Community Strategy and Local Plan Part 1 – Joint Core Strategy have evolved together, following early joint community engagement in 2007 and utilisation of a common evidence base. This has led to the Community Strategy now reflecting the different communities and economies that exist and taking a spatial approach to its programmes for the District.
- 1.23 The Community Strategy identifies three overarching outcomes – Active Communities, Prosperous Economy and High Quality Environment. Each outcome is supported by a statement of what is to be achieved, linked with a series of programmes which will be put in place to deliver the outcome.
- 1.24 In addition to the three outcomes, the WDSP has identified a number of important issues that require more urgent attention in the period 2010-2014. These are - older people, access to services and reducing the District’s carbon footprint, with priority neighbourhoods being identified at Stanmore and Winnall in Winchester.
- 1.25 A number of the programmes and priorities identified will rely on policies within this document (and other elements of the LDF) to assist their delivery. There is not a single delivery plan for the Community Strategy, each outcome has a supporting Change Plan which is monitored by the WDSP. There are also other specific action plans and strategies which work together with the LDF, as illustrated below:

This list is not exhaustive, but gives you an idea of how the Community Strategy will be delivered. Each programme of work will contribute to more than one outcome, however for ease of presentation most have been aligned with their primary outcome.

To reinforce the relationship with the Community Strategy and its priorities, the Local Plan Part 1 – Joint Core Strategy includes a number of District-wide core policies listed under the relevant outcomes of the Community Strategy.
