

List of the Inspectors' Recommendations that the Council proposes not to accept in their entirety, or to accept with limited wording changes

The Inspectors made a considerable number of recommendations in their Report, a few of which the Council either proposes not to accept in their entirety, or to accept with wording changes. In the majority of cases, the Council proposes to follow the Inspector's recommendation in part, or with only minor variations.

The Council's reasons for proposing not to accept the Inspectors' recommendations in their entirety, or for proposing minor modifications to their recommended wording, are set out in the schedule below. The schedule follows the Chapter order of the Plan, is cross-referenced to the relevant Proposed Modification number in this document, and to the relevant paragraph number in the Inspectors' Report.

Chapter 3: Design and Development Principles

Modification Number and Plan Reference	Inspectors' Report Paragraph Number and Proposed Change	Reason for Modifying/Rejecting Recommendation
MOD 3.1 Paragraph 3.3	Paragraph 3.2.3, minor wording addition.	To clarify that Winchester City (North) is a 'reserve' MDA.
MOD 3.8	Paragraph 3.5.13 (f), minor wording change	To correct policy cross-references. (Inspector's wording refers to T.13 which does not exist - amended to refer to T.1 and T.3)
MOD 3.14 Policy DP.8	Paragraph 3.10.6(a), revised wording	The Council has sought advice from specialist consultants, whose conclusion is that the policy wording recommended by the Inspector would be insufficiently robust to enable it to be implemented effectively. Therefore, the existing structure of Policy DP.8 has been retained, but reframed to set a series of reasonable expectations, with the explanatory text expanding on the implications and meaning of the Policy. The Policy is consistent with PPS22 and includes the Inspectors' other recommendations and suggestions. The consultants' full advice is set out as an Appendix to report WDLP 52 (Local Plan Committee 15 November

		2005)

Chapter 6: Housing

Modification Number and Plan Reference	Inspectors' Report Paragraph Number and Proposed Change	Reason for Modifying/Rejecting Recommendation
MOD 6.39 Policy H.5	Paragraph 6.14.20(g), excluding the recommended deletion of 'in perpetuity'	<i>This is still subject to further consideration including legal advice and is the subject of a separate report to Cabinet.</i>
MOD 6.50 Paragraph 6.62	Paragraph 6.15.8 (a), in accordance with PIC06.13, but deleting the reference to the procedure for exceptions schemes in Winchester.	To be consistent with the update to PPG 3: Planning for Sustainable Communities in Rural Areas, published on 24 January 2005.

Chapter 7: Employment

Modification Number and Plan Reference	Inspectors' Report Paragraph Number and Proposed Change	Reason for Modifying/Rejecting Recommendation
MOD 7.15 Paragraph 7.46	Paragraph 7.7.4, wording changes to reflect PIC07.04.	To update the text to refer to the new occupier of the former HMS Dryad and the ongoing review of defence training needs, as PIC07.04 (as recommended by the Inspector) is now out of date.

Chapter 13: Settlements

Modification Number and Plan Reference	Inspectors' Report Paragraph Number and Proposed Change	Reason for Modifying/Rejecting Recommendation
MOD 13.4 Policy S.4	Paragraph 13.4.7, omitting the reference to the appeal and extant planning permission.	MOD 13.4 is in accordance with the Inspectors' recommendation except that it does not specifically refer to the earlier planning appeal and resulting planning permission. The Council considers that it would be inappropriate to refer to a

		specific planning appeal/ permission, as this may imply that this is the only scheme that would be acceptable. The Local Plan should provide the policy framework for future planning decisions, rather than refer back to past decisions.

Chapter 15: Appendices, Glossary and Maps

Modification Number and Plan Reference	Inspectors' Report Paragraph Number and Proposed Change	Reason for Modifying/Rejecting Recommendation
MOD 15.15 Inset Map 34 Sparsholt	Paragraph 6.48.15, excluding land at and adjacent to Sparsholt School.	To limit the amount of land to be included within the settlement boundary of Sparsholt, to more accurately reflect the Inspector's conclusion in paragraph 6.48.14 that only small-scale development would be appropriate.
