5 MARCH 2014

TRAFFIC REGULATION ORDER PROGRAMME 2014/2015

REPORT OF ASSISTANT DIRECTOR (BUILT ENVIRONMENT)

Contact Officer: Neville Crisp Tel No: 01962 848484

RECENT REFERENCES:

CAB2442(TP) – Traffic Regulation Order Programme 2013/2014

EXECUTIVE SUMMARY:

The Engineering and Transport section of the Built Environment Division are responsible for introducing new Traffic Regulation Orders (TRO). Each year the Council receives more requests for new TROs than it can implement and consequently a programme is produced to prioritise resources accordingly.

This report summarises the existing TRO requests on file and recommends the TRO programme for 2014/2015.

RECOMMENDATIONS:

- 1 That the Traffic Regulation Order programme for 2014/2015 be approved as detailed in Appendix A.

CABINET (TRAFFIC AND PARKING) COMMITTEE

5 MARCH 2014

TRAFFIC REGULATION ORDER PROGRAMME 2014/2015

REPORT OF ASSISTANT DIRECTOR (BUILT ENVIRONMENT)

DETAIL:

1 Introduction

- 1.1 Traffic Regulation Order (TRO) work forms only a part of the work covered by the Engineering and Transport section of the Built Environment Division. Due to staffing and financial resource constraints it is not possible to action all the requests received for amending existing or implementing new TROs. All such requests are recorded and prioritised against criteria primarily relating to road safety, community support and impact together with the level of available resources.
- 1.2 There is pressure on Officers to action all requests; however the funding provided by Hampshire County Council under the agency agreement to do traffic management work is only sufficient to action around 20 TROs each year. The Council typically receives in excess of double this number of requests and thus there is a need to prioritise the requests to ensure the most urgently needed are dealt with. The remaining requests are kept on the list for future review or for implementation if additional resources become available.
- 1.3 TRO programmes have been produced every year since 2010/11 and have proved effective in prioritising schemes and maximising the use of limited resources as well as managing the expectations of those making the requests for action to be taken. Following on from this all outstanding TRO requests currently with the Council have again been reviewed against criteria which road safety, the concerns of the Police, Ward Councillors and the Community and a draft programme for 2014/2015 has been produced. See Appendix A.

OTHER CONSIDERATIONS:

2 COMMUNITY STRATEGY AND PORTFOLIO PLANS (RELEVANCE TO):

The proposal is in keeping with the Community Strategy in its attempt to provide a high quality environment & safe and strong communities.

3 RESOURCE IMPLICATIONS:

The cost of implementing the traffic regulation orders and associated signs and lining work will be covered by the Traffic Management agreement with Hampshire County Council or through developer contributions.

4 RISK MANAGEMENT ISSUES

Risks are fully considered as part of the assessment process of all Traffic Regulation Orders. The changes/issues covered by the individual TRO requests will be subject to individual assessments and are therefore not expected to result in any significant risks.

BACKGROUND DOCUMENTS:

None.

APPENDICES:

Appendix A: TRO Programme 2014/2015.
