##### RESOLVED:

The committee agreed the following comments and recommended that cabinet:

- Include the names of phases to appendix 2 to clarify the timelines.
- Review how the accessibility of the interactive maps could be improved when viewed on older or different forms of technology.
- Consider the strategic areas across the district that could be used for the distribution of the paper copy survey.
- Enable the distribution of the newsletter online and via social media.
- Consider whether the newsletter distribution be wider than a radius of ¼ of a mile of the site
- Include specific outputs or deliverables with the associated milestones as part of the milestone table.
- Provide further clarity for residents around the reasons for consultation at each stage to ensure understanding of the process .
- Consider providing “walkabout” sessions for residents as part of the consultation programme and consider virtual “walkabouts” for those unable to access in person.
- Consider how to optimise engagement across the wider district.
- Review the red line in para 11.7 to ensure accuracy (with specific reference to the queries concerning land by the Records Office. )
