All of the Council's publicly available agendas, reports and minutes are available to view and download from the Council's [Website](#) and are also open to inspection at the offices of the council. As part of our drive to minimise our use of paper we do not provide paper copies of the full agenda pack at meetings. We do however, provide a number of copies of the agenda front sheet at the meeting which contains the QR Code opposite. Scanning this code enables members of the public to easily access all of the meeting papers on their own electronic device. Please hold your device's camera or QR code App over the QR Code so that it's clearly visible within your screen and you will be redirected to the agenda pack.

Update

**General Comments Amend to:** The application is reported to Committee because an elected Member of Winchester City Council is an owner of the property.

**Clarification:** The report refers to French doors as a comparison point in principle. French doors to the rear of the rear single storey were installed as part of the 2003 approved conversion and then these were replaced with crittal doors as approved under the 2018 applications. Photo 1 shows these doors and are not therefore subject to this application.
