All of the Council's publicly available agendas, reports and minutes are available to view and download from the Council's [Website](#) and are also open to inspection at the offices of the council. As part of our drive to minimise our use of paper we do not provide paper copies of the full agenda pack at meetings. Points to note in relation to the applicant and relevant legislation (Housing and Planning Act 2016):

- In considering whether a home is a self-build or custom build home, relevant authorities must be satisfied that the initial owner of the home will have primary input into its final design and layout
- The Applicant in this case is on part 1 of the WCC Self build register (which means he has a local connection)
- The Council must consider the number of registrations recorded in Part 1 when providing sufficient planning permissions for serviced plots to meet this demand
- The site in this case meets the definition set out within the Act for “serviced plot of land” (it has / scope to have access to the highway and connections to electricity, water and wastewater)

Reason: To protect the amenity and privacy of the adjoining residential properties.

Addition of condition 8.

The decking area shall not be constructed until details have been submitted to and approved in writing by the Local Planning Authority showing screening and boundary treatments to prevent overlooking of the neighbour to the south from its raised height.
