Item No	Ref No	Address	Recommendation
9	21/01334/FUL	Land Off Abbotstone Road Fobdown Hampshire	Refuse
<p>Officer Presenting: Verity Murphy</p> <p><u>Public Speaking</u> Objector: None Parish Council representative: None Ward Councillor: None Supporter: Martin Pratt – Applicant, Guy Jones</p> <p><u>Update</u></p> <p>A letter from the applicant was received on 9th August 2021. This letter expresses concern with some of the consultee responses received and also questions why other consultees are not being listened too. This letter also expresses concern with the planning judgement of the case officer.</p> <p>A letter was received on 13th August from the planning agent, this has been circulated by the applicant to Committee Members. This letter expresses concern with the officer report in relation to its incompleteness, misleading and dishonest nature, lack of detail and the letter also expresses concern with the proposed refusal reason on nitrates.</p>			

A letter was received on 14th August from the planning agent questioning whether Winchester had a 5 year housing land supply. In response to this, the council's current supply of deliverable housing sites is 7.1 years (2019 – 2024) or 7.4 years (2020 – 2025). The council therefore has a very healthy supply of deliverable sites.

A letter was received on 16th August from Town Legal on behalf of the applicant. This letter has also been sent to each Committee Member by Town Legal. This letter states that the officer has not engaged with the applicant and that the report is legally defective. The letter also questions why the DRP have not been consulted and makes reference to their comments under the previous application. The letter also states that the officer's interpretation of the term 'isolated dwelling' is incorrect and reviews the consultee's comments provided by WCC Landscape and WCC Urban Design.

These letters do not raise any new material planning reasons which are not covered in the officer and do not change the officer recommendation to refuse the application.

- In section headed 'Representations' the following is added:

4 additional support comments have been received, the total number of support comments received is 12.

These additional letters of support do not change the officer recommendation to refuse the application.

- In section headed 'Consultations' the following is added:

WCC Strategic Planning:

Please see comments on the previous application 19/00500/FUL dated 7 June 2019. The Development Plan policies remain the same, with the key difference in terms of planning policy being the July 2021 revision to the NPPF. In particular, NPPF paragraph 79e is amended to delete reference to schemes being 'innovative' (now paragraph 80). The result is that schemes must now be 'truly outstanding' as well as meeting the other requirements of paragraph 80. The proposal should only be permitted if it is demonstrated to satisfy NPPF paragraph 80 and, as noted previously, it is difficult to see how it achieves this. However, other officers are better qualified to comment on design, landscape, etc matters.
