**Strategic Director and Monitoring Officer**

All of the Council's publicly available agendas, reports and minutes are available to view and download from the Council's [Website](#) and are also open to inspection at the offices of the council. As part of our drive to minimise our use of paper we do not provide paper copies of the full agenda pack at meetings. We do however, provide a number of copies of the agenda front sheet at the meeting which contains the QR Code opposite. Scanning this code enables members of the public to easily access all of the meeting papers on their own electronic device. Please hold your device's camera or QR code App over the QR Code so that it's clearly visible within your screen and you will be redirected to the agenda pack.

**Update**

- Hampshire County Council Education Authority have made comments on the safeguarded school land. Matters such as the fencing are secured under the s106. However, given the concerns raised over the levels of the site and to achieve access for all, the following condition is added:

“Prior to the commencement of development on the Safeguarded School Land, a plan showing the levels of the site, access points and finalised plans must be submitted to and approved in writing by the Local Planning Authority. Development must then continue in accordance with the approved details

Reason: To allow consultation with the HCC Education Authority and to ensure the site is accessible to all”

- For clarity, the amount of hard surfacing proposed is considered to be acceptable and the materials condition will request samples for inspection. Also, the Affordable Housing units contain sufficient living space to meet the bedspace requirements of the Affordable Housing Supplementary Planning Document.

- There is a typing error in the *Site Description and Historic Environment* section. The New Alresford Conservation Area is 70m to the north-west at the closest distance rather than 500m. The assessment made on the Conservation Area remains the same.

- In response to HCC Highway Authority’s comments on the Employment Land layout and for the avoidance of doubt, the following condition is added:

“The road layout of the Employment Land must be as approved by application 17/01528/OUT pending the submission of a separate Reserved Matters application.

This application does not approve the access points shown on drawings HED.1429.100, 200, 206, 500 and 509 or any amendments to the approved road layout.

Reason: The current plans show road entrances which cannot be fully assessed without the associated Reserved Matters application”

- The removal of Permitted Development is usually included at the outline consent stage. The outline consent for this site did not remove Permitted Development Rights. However, as the levels of the site and layout are now known, it is deemed appropriate to remove Class B rights (for extensions to

a roof). This is due to the levels of the site which would result in dormer windows being dominant and visible from the street scene.

The other classes (extensions, roof lights, outbuildings etc) are subject to controls under the relevant legislation and this is considered acceptable for this site. An additional condition is therefore included:

“Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no development permitted by Class B of Schedule 2, Part 1 of the Order, shall be carried out without the prior written consent of the Local Planning Authority. Reason: To ensure that the development is proportionate to the site in order to protect the amenities of the locality and to maintain a good quality environment.”

- Condition 02 (approved plans) has been reordered and updated to include drawing reference numbers. The drawing references will also be added to condition 13 (landscaping). The drawing list now reads as follows:
