She welcomed the proposals to offset the nitrate neutrality requirements but queried whether credits would be available in the future. She requested further clarification of the requirement for an additional 6.2 ftes in the Property Services team and also whether funding for the retrofit programme would be adequate to meet tenants' demands. Finally, she raised a query regarding the homelessness budget line that she had raised at the Scrutiny Committee.

Councillor Ferguson and the Corporate Head of Housing responded to comments made, including explaining that spending plans were set out in section 13.1 of the report and the work already underway and phased work plans on the retrofit programme.
