		<p>financial model as required by operational need and market influences.</p>	<p>Protection Areas (SPAs). This means that the Council is able to meet its obligations under the Habitats Regulations and, in so doing, continue to grant planning permissions for residential developments in the southern part of the district.</p> <p>This paper outlines the steps undertaken to review the work and finances of Bird Aware Solent and seeks approval from Cabinet Member for Place and Local Plan for the revised Bird Aware Strategy and financial model. The key revisions to the Strategy include extending the duration from 2034 to 2050, providing mitigation for around 5,700 dwellings per annum where previously it had been closer</p>	<p>it is possible that developers may be required to provide their own mitigation for these birds if they are not covered under this strategic scheme.</p> <ul style="list-style-type: none"> <li>• With more housing coming forward, the existing Strategy will not remain fit for purpose over time, as it will not have the required scale of resources to deal with the scale of the issues it is</li> </ul>
