

**Winchester**  
City Council

**COUNCIL MEETING – 26 February 2020**

**Question under Council Procedure Rule 15(3)**

**QUESTION 4**

From: Councillor Evans

To: The Cabinet Member for Sport, Leisure and Communities (Cllr Prince)

“Please could the Cabinet Member give me an update on progress on the Winchester Sport and Leisure Park and proposed completion time?”

**Reply**

“Progress to develop the new leisure centre has reached some critical milestones.

In recent months the roof work has commenced, external cladding is being erected and the construction of the pools has been completed and these will now be tested for water tightness.

However, the last few months of rain and high winds have been challenging. The council team and Willmott Dixon have been working closely together and review the programme regularly. The anticipated starting date in the early part of 2021 is still on track.”
