

## Appendix 3 – Map of Representations

This map shows the location of the premises **(blue)** and the locations of The business or residential Address of those who have Made representations **(red)**.

Please note that this map only shows 23 business or residential addresses of those who have made representations, as several are not within the immediate local area (i.e. Abbots Barton, Weeke) or are outside of the Winchester District.

Addresses of Councillors who have made representations are also not included, as they have made representations on behalf of their constituents.

This map is purely to assist Members with the location of certain addresses in relation to the premises, in relation to the licensing objective of the prevention of public nuisance.
