¹ The number of SRAs listed in the second column is for illustrative purposes only. The number of recommended SRAs that are payable at any one time to various post holders will vary in some instances depending on what SRAs are in effect based on changing political structures. The Panel has taken on board the statutory advice that no more than 50 per cent of the membership should be in receipt of a SRA at any one time. It has also adopted the principle that a Member can only draw down one SRA regardless of the number of posts held. For instance, if Council appoints the Leader of the Principal Opposition Group as Chairman of the Scrutiny Committee (which has occurred in the past) they can only draw one SRA of their choice. This would be the relevant committee SRA or Opposition Group Leader SRA but not both. The variation in the number of SRAs being claimed at one time will affect the number of Task and Finish and/or Ad Hoc Working Groups and/or Panels that the Council can award a Band 6 allowance. There is a ceiling of no more than 22 Members in receipt of a SRA.
