Received 27 June 2022

Hello,

My name is Shawna King, I live on West Mews in Knowle (near Wicks restaurant) and I'd like to add my comments to the licence review.

When we first bought our first house Wicks was not playing live music, we knew it only as a restaurant, then Covid lifted and 2022 came and nearly every weekend they were playing very loud live music until 11pm. This has really affected us because we feel anxious every weekend, not knowing if we can relax on a Friday/Saturday evening because of the loud music.

I also sometimes work weekends, which involves early starts, so I have needed to on many occasions wait for the music to stop (sometimes not until 11pm) before I can go to bed. If we'd of known what we were going to be living next to, we would of never bought the house, which is such a shame.

The staff do nothing to limit the noise of people leaving the premises either, often you hear people loudly shouting and signing and not being told to stop well past 11pm. When I've message George the ownee or called Wicks, I've been met with rude responses or simply ignored.

With the summer months now here we are unable to open our windows in the evenings, which is so uncomfortable. I've noticed the owner now has stopped advertising events on the local Knowle Facebook group. All of our neighbours I speak to have said they've complained directly to him at least once, and hate the live events every weekend.

If I could attend the licencing meeting in person I'd be more than happy too, I could also pass along the message to other neighbours as well if they wish to attend.

Thank you, Shawna

Apologies for my delay in getting back to you, my full address is:
