

**Planning Viewing Sub Committee – 9 October 2018**

**PDC116 - item 9 - Report – 20 September 2018 - EXTRACT**

**Case No:** 18/01503/HOU  
**Proposal Description:** Proposed Single Storey Rear Extension  
**Address:** The Nook Bank Street Bishops Waltham SO32 1AN  
**Parish, or Ward if within Winchester City:** Bishops Waltham  
**Applicants Name:** Mr & Mrs S Eatwell  
**Case Officer:** Curtis Badley  
**Date Valid:** 18 June 2018  
**Site Factors:** Bishops Waltham Conservation Area

**Recommendation:** Application Permitted

© Crown Copyright and database rights Winchester City Council License 100019531

## **General Comments**

The application is reported to Committee due to the number of comments received contrary to the officer's recommendation for permission.

The application is a resubmission of a previous scheme for a single storey rear extension on the same site which was withdrawn on 21<sup>st</sup> March 2018 following officer advice. The previous scheme introduced a pitched roof featuring an oak and glazed gable end with a flat roof link to the existing property.

Following subsequent pre-application discussions, the scheme has been revised and the current proposals seek to introduce a contemporary single storey extension unit under a flat roof with a flat central roof lantern. The extension would be linked to an existing outbuilding via a wraparound glazed link which would house an external WC.

## **Site Description**

The Nook is a three bedroom property located within the settlement boundary of Bishops Waltham. The property is an unlisted building located within the Bishops Waltham conservation area adjacent to the town centre boundary of Bishops Waltham.

The Nook forms part of a small terrace of two storey cottages which front Bank Street. The front of the property is traditional in appearance and positively contributes to the surrounding conservation area. The property is of moderate size and contains a good sized rear garden which is enclosed by a close boarded fence with brick pillars and gravel boards to the West, by a brick wall to the North and by a close boarded fence to the East.

The rear of the property features a cat-slide roof with two dormer windows and a flat roof narrow rear extension which projects 1.3 metres from the rear elevation at eaves level. To the immediate rear of the property there lays an concrete patio bounded by brick retaining wall of approximately 1 metre in height. Within the relatively flat rear garden which is set at a higher level than the existing property there exists a timber shed and brick built outbuilding currently used for ancillary accommodation located along the Eastern boundary of the site.

## **Proposal**

The proposal is for a single storey rear extension with a flat roof to provide an extended kitchen, provision of a w/c. /shower room and glazed passageway between the proposed rear extension, w/c and existing ancillary building. The proposed extensions and internal alterations seek to create additional living space.

The proposal projects 6.3 metres from the rear elevation of the existing property at 3.2 metres in total height. The proposal replaces the existing single storey flat roof rear extension. The proposed materials consist of plain rendered walls above a brick plinth, white painted hardwood glazed doors and windows and an extensive green roof and glazed rooflight.

The front elevation of the property remains unaltered as part of the proposals and the existing access to the rear of the property is retained.

## **Relevant Planning History:**

07/00828/FUL – (Permitted 15.05.2007) Erection of 2 no dormers and pitched roof over existing ground floor flat roof; and internal alterations

18/00187/HOU – (Permitted 21.03.2018) Single storey rear extension

## **Consultations:**

WCC Head of Historic Environment:

No objection raised from a conservation perspective as the 'the impact of the proposals upon this part of the conservation area would be low'. It is advised that a condition be attached in order to ensure the use of good quality materials and joinery.

## **Representations:**

Bishops Waltham Parish Council:

Objection comments received on the grounds that the proposal is contrary to policy DM17 of WD Local Plan Part 2 in that the proposal will have a unacceptable impact on adjoining properties by reason of its design and scale. Additional comments received state that the legal issues concerning access to the properties adjacent to the development should be clarified prior to any development.

6 letters received objecting to the application for the following reasons:

- Privacy of neighbouring properties
- Overbearing and dominating impact
- Overshadowing and loss of light
- Property density
- Not in keeping with surrounding area
- Access issues

No letters of received supporting the application.

Reasons aside not material to planning and therefore not addressed in this report:

- Financial benefits of development
- Problems arising from the construction period of any works e.g. noise, construction access, placement of skips, hours of working (covered by Control of Pollution Act)
- Matters controlled under building regulations or other non-planning legislation e.g. structural stability etc.
- Loss of Property Value
- Private issues between neighbours e.g. land/boundary disputes, damage to property, private rights of access etc.

## **Planning Considerations**

### Principle of development

The application site is located within the settlement boundary of Bishops Waltham where the principle of extending an existing residential property is generally acceptable, where it can be carried out in accordance with national and local planning policy and without harm to the character and appearance of the surrounding area and amenities of neighbouring properties.

The site is situated in the Bishops Waltham Conservation Area and therefore the impact of the development on the character and appearance of the Conservation Area is an important consideration. Key Issues in this respect are (S.72 P (LBCA) Act 1990; Policies DM27 & DM28 of the Winchester District Local Plan Part 2 Adopted 2017; Policy CP20 Winchester District Joint Core Strategy; NPPF Section 12).

The existing dwellinghouse is to be remodelled and extended to create additional habitable accommodation. The principle of the proposed development is considered to be acceptable.

### Impact upon the character of the existing property and surrounding area:

The proposals introduce two flat roof rear extensions with a glazed link. The contemporary flat roof design and use of contrasting materials are considered to

suitably contrast to the host dwelling. The glazed link is lightweight in form and continues to respect the character and distinctive form of the original separate buildings.

This proposal is subservient to the existing dwelling and projects a suitable distance from the rear elevation to ensure that the proposal is proportionate to the existing dwelling. The low overall height and minimal roof form allow the existing rear elevation to be clearly read and a suitable relationship of the new addition and existing dwelling to be retained. This low roof form ensures that the eaves of the original building are maintained and the dormer windows above remain uninterrupted.

The proposal is not visible from the public realm and is screened from Bank Street due to its location to the rear of the property and screening received from existing built form. The existing boundary treatment is to be retained as part of the proposal.

Based upon the above assessment, the proposed development is considered to be in keeping with the character and appearance of the existing property and surrounding area and complies with policy CP13 of the LPP1, policies DM15, DM16 and DM17 of the LPP2 and the advice provided within the High Quality Place Supplementary Planning Document (2015) and the Bishops Waltham Village Design Statement (2016).

#### Impact upon Neighbouring Properties:

Neighbouring property, Daisys Cottage is the attached dwellinghouse which sits to the East of the proposed single storey rear extension and adjacent to the rear w/c outshot. The proposal will be visible from the side access way which leads adjacent to the Eastern shared boundary. No windows exist within the rear elevation and West side elevation of neighbouring property, Daisys Cottage.

The proposal extends alongside a close boarded fence and gateway which forms part of the private access which currently runs along the rear elevation of the Nook. The proposed extension and glazed link is recessed from this neighbouring property by a distance of 0.7 metres and extends at a height of 2.65 metres in comparison to the 1.85 metre high neighbouring fence. A glazed habitable room exists to the rear of the side access way for ancillary use of this neighbouring property. Views of the proposal from this room are screened by the existing brick built ancillary outbuilding to the rear of The Nook.

St Ives Cottage is the neighbouring property which sits to the East of the proposal. No windows exist within the West elevation of St Ives Cottage that would allow views of the proposal from this neighbouring dwelling. Views of the proposal from the rear garden of this property are screened by the existing single storey garage which runs adjacent to the proposed development site. Due to the moderate nature of the proposal and absence of additional openings as seen from this neighbouring property and neighbouring property, Daisys Cottage, the proposal is not considered to create a significant adverse overbearing, overlooking or overshadowing impact on these neighbouring properties.

April Cottage is the adjacent dwelling located to the West of the proposed extension. The proposal is set back from this neighbouring property and features a low level flat roof which is considered to minimise any potential impact upon this neighbouring property. The extension is set back from this neighbouring property and does not introduce any additional openings facing this neighbour.

A 2.3 metre high brick wall forms the existing boundary treatment and is retained as part of the proposals. Due to the moderate nature of the proposal and presence of high level boundary treatment which screens the proposal, the proposal is not considered to create a significant adverse overbearing, overlooking or overshadowing impact on these neighbouring property.

It is understood that the applicant owns the amenity space to the rear of neighbouring Daisy Cottage and amenity space to the rear of The Nook. It is also understood that an access runs along the rear of the terrace with wooden gates allowing access behind The Nook for use of the adjacent neighbouring properties, Daisys Cottage and April Cottage.

Concern has been raised by neighbouring properties regarding the location of the proposed extension and the enclosure of the rear garden access path by two further doors. The effect of development on a private right of way does not constitute a material consideration in planning terms, and so notwithstanding these issues of land ownership, the grant of planning permission does not override any other legal requirements as may be necessary.

Based upon the above assessment, the development is not considered to adversely affect the residential amenities of neighbouring properties and accords with policy DM17 of the LPP2.

#### Highways/Parking

The considered application is for a single storey rear extension and does not involve a net increase in bedroom numbers and the house maintains three bedrooms. As such, the proposal is not considered to result in the material change in the amount of parking required associated with the extended dwelling.

#### **Recommendation**

Application Permitted subject to the following condition(s):

#### **Conditions**

01 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

01 Reason: To comply with the provisions of Section 91 (1) of the Town and Country Planning Act 1990 (as amended).

02 The materials to be used in the construction of the external surfaces of the development hereby permitted shall be those as detailed in section 10 (materials) of the associated application forms.

02 Reason: To ensure a satisfactory visual relationship between the new development and its surroundings.

03 The development hereby approved shall be constructed in accordance with the following plans:

Location Plan (Drawing Number: L01) Received: 18.06.2018

**Case No: 18/01503/HOU**

Proposed Plan, Section and Elevation (Drawing Number: P01B) Received: 18.06.2018  
Proposed Plan (Drawing Number: P02A) Received: 18.06.2018  
Proposed Section (Drawing Number: P03A) Received: 18.06.2018  
Proposed East and West Elevation (Drawing Number: P04) Received: 18.06.2018

03 Reason: In the interests of proper planning and for the avoidance of doubt.

### **Informatives:**

01 In accordance with paragraph 38 of the National Planning Policy Framework (NPPF) (July 2018), Winchester City Council (WCC) take a positive and proactive approach to development proposals, working with applicants and agents to achieve the best solution. To this end WCC:

- offer a pre-application advice service and,
- update applicants/agents of any issues that may arise in the processing of their application, where possible suggesting alternative solutions.

In this instance a site meeting was carried out with the applicant.

02 The Local Planning Authority has taken account of the following development plan policies and proposals:

The Local Plan Part 1 (2013): MTRA2, DS1, CP13, CP20  
The Local Plan Part 2 (2017): DM1, DM15, DM16, DM17, DM18, DM27, DM28  
High Quality Places Supplementary Planning Document (2015)

03 This permission is granted for the following reasons:

The development is in accordance with the Policies and Proposals of the Development Plan set out above, and other material considerations do not have sufficient weight to justify a refusal of the application. In accordance with Section 38(6) of the Planning and Compulsory Purchase Act 2004, planning permission should therefore be granted.

04 All building works including demolition, construction and machinery or plant operation should only be carried out between the hours of 0800 and 1800 hrs Monday to Friday and 0800 and 1300 hrs Saturday and at no time on Sundays or recognised public holidays. Where allegations of noise from such works are substantiated by the Environmental Protection Team, a Notice limiting the hours of operation under The Control of Pollution Act 1974 may be served.

05 Please be respectful to your neighbours and the environment when carrying out your development. Ensure that the site is well organised, clean and tidy and that facilities, stored materials, vehicles and plant are located to minimise disruption. Please consider the impact on your neighbours by informing them of the works and minimising air, light and noise pollution and minimising the impact of deliveries, parking and working on public or private roads. Any damage to these areas should be remediated as soon as is practically possible.

For further advice, please refer to the Construction Code of Practice  
<http://www.ccscheme.org.uk/index.php/ccs-ltd/what-is-the-ccs/code-of-considerate-practice>

**Case No: 18/01503/HOU**

06 Please be advised that Building Regulations may be required for this development. Please contact WCC Building Control Department for more information (T: 01962 848176, E: [buildingcontrol@winchester.gov.uk](mailto:buildingcontrol@winchester.gov.uk))

07 The applicant should note that this permission does not give any property rights to building on or encroach over or under the adjoining property. The applicant may be required to serve notice under the Party Wall etc Act 1996.
