We at Vodka Nightclub Upper Brook Street Winchester would like to object to the application that has been submitted by Hamble Foods Ltd (papa John's pizza) of 72 - 74 St. George Street, Winchester. SO23 8AH on the grounds that this will potentially bring more people to the Upper Brook street area of the city for food. This will cause people to linger in the area which could potentially cause an issue for our security team in relation to public nuisance as I'm sure the residents will have noise complaints as the papa John's customers will be right under their flats. Our security team already have the job of keeping the area clear and quiet as it is from our own customers who are leaving the area and this would cause problems for them when pizza customers become hostile for being approached by our security for asking them to keep the noise down. Papa John's delivery drivers will be driving in and out of the rear car park continuously causing a severe problem to the pedestrians coming to and leaving Vodka.

Kind Regards

I would like to object to the application that has been submitted by Hamble Foods Ltd Papa Johns Pizza of 72-74 St. George Street, Winchester SO23 8AH on the grounds of Public Nuisance crime and disorder

I live in an adjoining property, I already have to close all my windows because of the smells of cooking pizza's it makes all my furniture and clothes stink of pizza ,in addition to that the slamming of car doors and engines running from the delivery drivers and the mopeds screaming in and out , it will encourage more drunken people to descend on the area to purchase takeaway pizza causing more nuisance shouting and arguing and even more mess from empty pizza boxes people being sick etc I know it's a city centre and a nightclub is very close ,this will just make their customers hang about longer too.

Regards Mr Collins
