Update

- Page 75 of the officers report does not note a recommendation. This should read as following “**Recommendation: Permit**”
- Page 85 of the officers report, update condition 8 to the following.
“ No development shall take place until a Biodiversity Mitigation and Enhancement Plan showing hedgehog fencing, swift boxes and bat boxes is submitted to and approved by the Local Planning Authority. Development must then continue in accordance with the approved details.
Reason: To accord with the Policy CP16 of the Winchester District Local Plan Part 1”
- The previous application was assessed as a replacement house, and therefore included a condition to secure the demolition of the existing dwelling on the site. This is controlled by the previous consent. To confirm, both plots are within the settlement boundary where new additional residential units are acceptable.
