**Question under Council Procedure Rule 19.1**

**QUESTION 1**

From: Councillor Lee

To: Councillor Tod (Leader and Cabinet Member for Asset Management)

**Mayoral Combined County Authority (MCCA) Governance Risks**

The MCCA is likely to be established in late 2025, followed by Mayoral elections in May 2026. Upper tier authorities (Hampshire, Southampton, Portsmouth and IoW) will be providing 1-2 representatives each (probably the Leader & Deputy Leader) to help set-up the new Strategic Authority.

However, district councils will have limited involvement in early MCCA decisions as districts will not be constituent voting members, potentially leading to long-term sub-optimal consequences for wider Hampshire and the Solent areas before the Strategic Combined Authority (SCA) is fully operational with Unitary Authorities (UA).

**Does Cabinet recognize this risk, and if so, will Winchester push to become a voting constituent member of the transition MCCA with other district councils until optimal LGR single-tier governance arrangements with the SCA are fully in place?**

**QUESTION 2**

From: Councillor Lee

To: Councillor Tod (Leader and Cabinet Member for Asset Management)

**Improved democratic representation**

Local Government Reorganisation with a substantial reduction in elected councillors creates risks of weakening the connection between communities and their councillors who live and work within them. It is reported from other reorganised areas that Devo/LGR also creates remote bureaucratic and too often unresponsiveness or reduced responsiveness to local issues.

**How does Reorganisation support the claim of improved democratic representation and better local government?**
